

## A LEADING ENERGY COMPANY

Marathon Petroleum Corporation (MPC) is a leading, integrated, downstream energy company headquartered in Findlay, Ohio. We operate the nation's largest refining system with more than 3 million barrels per calendar day (bpcd) of crude oil capacity across 16 refineries. Our marketing system includes branded locations across the United States, including Marathon branded outlets. Speedway LLC, an MPC subsidiary, owns and operates retail convenience stores across the United States. MPC also owns the general partner and majority limited partner interest in MPLX LP, which owns and operates gathering, processing, and fractionation assets, as well as crude oil and light product transportation and logistics infrastructure.

### REFINING AND MARKETING

At our 16 refineries, we manufacture refined products that we sell to independent retailers, wholesale customers, our brand jobbers, our Retail segment, airlines, transportation companies and utilities.

### MIDSTREAM

Our Midstream business primarily includes the operations of MPLX LP, Marathon Petroleum's master limited partnership, which transports, stores, distributes and markets crude oil and refined products via refining logistics assets, pipelines, terminals, towboats and barges; gathers, processes and transports natural gas; and gathers, transports, fractionates, stores and markets natural gas liquids.

### RETAIL

We have three strong brands that help get consumers where they need to go: Marathon, Speedway and ARCO®. Our Retail business sells gasoline, diesel and merchandise (including low carbon and low sulfur fuel products) through approximately 3,900 company-owned and-operated convenience stores across the United States and Northern Mexico.

### Did You Know?

MPC owns and cares for 21 certified wildlife habitats across more than 1,300 acres of land.

#### Gulf Coast Region Refineries

Galveston Bay (Texas)	585,000 bpcd
Garyville (Louisiana)	564,000 bpcd

#### Mid-Continent Region Refineries

Catlettsburg (Kentucky)	277,000 bpcd
Robinson (Illinois)	245,000 bpcd
Detroit (Michigan)	140,000 bpcd
El Paso (Texas)	131,000 bpcd
St. Paul Park (Minnesota)	98,000 bpcd
Canton (Ohio)	93,000 bpcd
Mandan (North Dakota)	71,000 bpcd
Salt Lake City (Utah)	61,000 bpcd
Gallup (New Mexico)	26,000 bpcd
Dickinson (North Dakota)	19,000 bpcd

#### West Coast Region Refineries

Los Angeles (California)	363,000 bpcd
Martinez (California)	161,000 bpcd
Anacortes (Washington)	119,000 bpcd
Kenai (Alaska)	68,000 bpcd

## THE PRODUCTS WE MANUFACTURE ENHANCE LIFE'S POSSIBILITIES

SINCE THE LATE 1800s, THE OIL AND GAS INDUSTRY HAS BEEN THE SOLUTION TO A HOST OF PROBLEMS THAT HAVE PLAGUED MANKIND: HUNGER, COLD, UNRELIABLE TRANSPORTATION AND BACKBREAKING MANUAL LABOR.

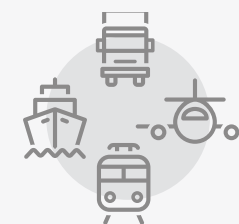

### FEEDING OUR WORLD

Petroleum fuels make it possible to plow, plant, fertilize, harvest and transport food to where it's needed.

### PUTTING EVERYTHING WITHIN YOUR REACH

Virtually everything we buy comes to us on a combination of trucks, planes, trains and marine vessels powered by petroleum fuels.

### GIVING YOU INDEPENDENCE

Thanks to affordable, reliable petroleum fuels, you can go wherever you want, whenever you want, in climate-controlled comfort. The fuels we manufacture are cleaner than ever, and automobiles today are more efficient than ever before.

### BUILDING OUR WORLD

From homes and offices to bridges and cell towers, construction relies on petroleum fuels to power bulldozers, cranes, backhoes, cement trucks and generators.

### MAKING MODERN LIFE SAFER AND MORE CONVENIENT

The petrochemicals we manufacture are used to make vehicle components, clothing, electronic equipment, hospital equipment, furniture, insulation products, adhesives, paints and inks, helmets and other protective gear, and much more.

### SAVING LIVES

Ambulances, fire trucks, law enforcement vehicles, rescue aircraft and boats, generators ... all of these are critical to surviving and recovering from fires, medical emergencies and natural disasters.

## EXPERIENCE THAT FUELS YOUR CAREER

**Wei** | University of Kentucky  
Refining Engineer I

My co-op experience at MPC allowed me to gain invaluable experience to get ahead of my peers in school. I was trusted to work on the same types of projects that engineers work on. Now as a full-time employee, I'm able to use the knowledge I gained from school and from my co-ops to help my team succeed.

Virginia Tech | **Sarah**  
Refining Engineer I

My co-op experience at MPC helped me to apply the fundamentals I had learned in school to value-added projects. Likewise, I was able to bring the troubleshooting skills I learned at MPC back to school, which greatly enhanced my learning. I am excited to now work as a full-time employee here at MPC, where I am both supported by my team and pushed to my fullest potential.

#### As an intern/co-op, you will reach new milestones through:

- ▶ Professional Development
- ▶ Mentoring
- ▶ Networking
- ▶ Leadership Engagement
- ▶ Project Presentation
- ▶ Community Outreach

#### Intern/Co-op Benefits

- ▶ Paid Internship
- ▶ Paid Holidays
- ▶ 401(k) Plan Participation with Company Match
- ▶ Relocation Assistance
- ▶ Health Insurance
- ▶ Eligible for Retirement Plan pay credit, as well as vesting service for hours worked, upon hire into a regular part-time or full-time position.

## OPPORTUNITIES COAST TO COAST

TRACK	LOCATION	MAJORS	INTERN/CO-OP TIMING
Accounting	Colorado, Ohio, Texas, and other operational locations	Accounting	Spring Summer Fall
Crude Oil Supply & Logistics/Light Products Supply & Logistics	Ohio, Texas	Supply Chain Management, Logistics and/or other related disciplines	Spring Summer Fall
Finance	Ohio, Texas	Finance	Summer
Government Affairs	Washington D.C.	Political Science	Spring Summer Fall
