

United Way
of Salt Lake

Equity for All

Welcome to United Way of Salt Lake!

At United Way of Salt Lake (UWSL), we believe that everyone deserves the same chance to achieve their dreams, regardless of race, income, or circumstance. We envision an inclusive community where all people achieve their human potential through education, financial stability, and healthy lives. That's why we work to address the inequities faced by families in our communities. We build powerful partnerships that achieve lasting social change. And with the help of our dedicated community partners, donors, volunteers, and advocates, we are making measurable strides toward achieving our outcomes.

Want to make a difference?

United Way of Salt Lake is changing the way organizations, communities, schools, governments, and individuals work together to fix complex social problems. The work we do is informed by our values: good relationships, continuous improvement, results, and innovation.

Join us in changing the world!

Grassroots Leadership

Are you an aspiring community organizer? You could be part of our Grassroots Team! Our grassroots leaders promote discussion, community leadership, and community involvement. The team hosts workshops where parents can learn how to effectively play with their kids to ensure they're ready for school. They spearhead conversations about ways to support children in a new culture. They invite parents to sit down and discuss what is happening at their kids' schools and connect with other parents and school staff. **When you're ready to build skills that can lead to action and transformation, check out UWSL!**
